

Thank you for purchasing a Sealey product. Manufactured to a high standard, this product will, if used according to these instructions, and properly maintained, give you years of trouble free performance.

**IMPORTANT:** PLEASE READ THESE INSTRUCTIONS CAREFULLY. NOTE THE SAFE OPERATIONAL REQUIREMENTS, WARNINGS & CAUTIONS. USE THE PRODUCT CORRECTLY AND WITH CARE FOR THE PURPOSE FOR WHICH IT IS INTENDED. FAILURE TO DO SO MAY CAUSE DAMAGE AND/OR PERSONAL INJURY AND WILL INVALIDATE THE WARRANTY. KEEP THESE INSTRUCTIONS SAFE FOR FUTURE USE.

## 1. SAFETY

- WARNING!** Keep away from infants. These ear plugs are non-toxic but may interfere with breathing if caught in the windpipe.
- WARNING!** Put the ear plugs on before exposing yourself to noise and wear them during the whole noise exposure. Be warned that failure to adhere to these recommendations will cause the protection afforded by the product to be severely impaired.
- WARNING!** These ear-plugs should not be used where there is a risk that the connecting cord could be caught up during use.
- This product may be adversely affected by certain chemical substances. Further information should be sought from the manufacturer
- Ear plugs must be fitted, adjusted and maintained in accordance with the manufacturer's instructions.
- If the above is not adhered to, the protection afforded by the ear-plugs will be severely impaired.

## 2. INTRODUCTION

Triple flange design manufactured from a soft pliable material providing a comfortable fit. Corded for convenient carrying and helps prevent loss of plugs. Supplied in plastic storage case. SNR Rating: 32dB. Conforms to BS EN 352.

## 3. SPECIFICATION

Model No:	402/1
Applicable Standards:	EN 352-2:2002
Nett Weight:	0.035kg
PPE Category:	I
Product Life Applicable:	No

## 4. ATTENUATION VALUES

**NOTE:** These earplugs are rated SNR 32 dB, but typical noise reduction in everyday use is about 12–15 dB, depending on fit.

## 5. DIRECTIONS

### 5.1. PRE USE CHECKS BEFORE FITTING

- Inspect plugs for damage, dirt, or wear.
- Ensure they are clean and dry.
- Confirm they are the correct size/type.

### 5.2. CORRECT FITTING METHOD

- 5.2.1. Hold the cord comfortably and gently pull the top of the ear upward and outward to straighten the ear canal. Insert the plug carefully into the ear canal until it fits snugly, with the flange(s) resting at the canal entrance and the body inside the canal. The cord should hang naturally under the chin or behind the neck, without pulling on the ear or restricting movement. Adjust slightly if necessary to ensure a secure, comfortable seal. The plug should noticeably reduce environmental noise while still allowing your voice to be heard slightly. To remove, gently twist and pull the plug out, supporting the plug body rather than the cord. Regularly clean reusable plugs with mild soap and water, dry thoroughly, and replace if damaged.

## 6. MAINTENANCE AND HYGIENE

- 6.1. To ensure effective protection and long service life, corded plastic ear plugs must be properly maintained:

### 6.2. CLEANING

Reusable plugs should be washed regularly with mild soap and warm water. Avoid harsh chemicals or solvents that could damage the material.

### 6.3. DRYING

After washing, dry thoroughly with a clean, lint-free cloth or allow to air-dry completely before storage or reuse.

- 6.4. **INSPECTION:** Before each use, check for cracks, deformations, dirt, or signs of wear. Ensure the cord is intact and not frayed.

**REPLACEMENT:** Replace ear plugs immediately if damaged, deformed, or if hygiene cannot be guaranteed.

- \* **DO NOT** attempt repairs.

### \* STORAGE

Store plugs in a clean, dry container away from dust, direct sunlight, and extreme temperatures. Avoid leaving plugs loosely on work surfaces where contamination can occur.

## 7. DISPOSAL

- 7.1. Reusable plugs should be safely discarded if damaged, worn, or no longer hygienic. Follow local regulations for plastic waste disposal where applicable.

This document has been drawn up according to Regulation (EU) 2016/425 as amended to apply to GB for Personal Protective Equipment. The declaration of conformity can be accessed at [www.sealey.co.uk](http://www.sealey.co.uk).

**ENVIRONMENT PROTECTION**

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.

**Note:** It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice.  
**Important:** No Liability is accepted for incorrect use of this product.
