

## Section 1. Product and Company Identification.

**1.1 Model Number;** EWS01 v4  
**1.2 Description;** Eye/Wound Wash Station

**1.3 Manufacturer;**

|                                                                                                          |                                                                                                                        |
|----------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|
| Jack Sealey Ltd.<br>t/a Sealey Group.<br>Kempson Way,<br>Bury St. Edmunds,<br>Suffolk,<br>IP32 7AR<br>UK | Jack Sealey (EU) Ltd<br>t/a Sealey Group.<br>Farney Street,<br>Carrickmacross,<br>Co. Monaghan,<br>A81 PK68<br>Ireland |
|----------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------|

technicalcompliance@sealey.co.uk

**1.4 Emergency telephone number;** 44 (0) 1284 757 500 (Office Hours)

**Date of source compilation;** 29/12/2012

## Section 2. Hazards Identification.

**2.1** Classification of the substance or mixture. Preparation not hazardous.

**2.2** Label elements.

Active Ingredient 0.9% w/v sodium chloride EP For external use only.

**2.3** Other hazards.  
Preparation not hazardous.

## Section 3. Substances.

| 3.1 Chemical Name (substance)                           | 3.1 CAS No. | 3.2 Concentration Volume | Classification               |                                |
|---------------------------------------------------------|-------------|--------------------------|------------------------------|--------------------------------|
|                                                         |             |                          | Hazard Class & Category Code | Hazard Statements <sup>1</sup> |
| Aqueous solution containing 0.9% w/v sodium chloride EP | -           | 100 %                    | -                            | -                              |

<sup>1</sup> For full text of Phrases and Statements, see Section 16.

## Section 4. First Aid Measures.

### 4.1 Description of first aid measures

Based upon composition of this preparation, none would be required.

### 4.2. Most important symptoms and effects, both acute and delayed.

Not applicable.

### 4.3. Indication of any immediate medical attention and special treatment needed.

Not applicable.

## Section 5. Fire Fighting Measures.

### 5.1. Extinguishing media

Only the packaging containing the preparation would burn. Water spray/fog, foam, carbon dioxide and dry powder.

### 5.2. Special hazards arising from the substance or mixture

During combustion, packaging produces toxic fumes containing oxides of carbon

### 5.3. Advice for fire-fighters

Standard protective equipment should be worn by fire fighters including self-contained breathing apparatus.

## Section 6. Accidental Release Measures.

### 6.1. Personal precautions, protective equipment and emergency procedures

None required.

### 6.2. Environmental precautions

No data available.

### 6.3. Methods and material for containment and cleaning up

Mechanically collect any packaging for subsequent disposal.  
Rinse any spilled preparation to a drain. Rinse preparation with water.

### 6.4. Reference to other sections

See Section 7 for information on Safe Handling

See Section 8 for information of Personal Protective Equipment.

See Section 13 for information on disposal.

## Section 7. Handling and Storage.

### 7.1. Precautions for safe handling.

No special measures required.

### 7.2. Conditions for safe storage, including any incompatibilities.

Store under normal warehouse conditions.

### 7.3. Specific end use(s)

Intended for use as an Eye/Wound Wash Station, Model Number identified in 1.1 with Description stated in 1.2.

## Section 8. Exposure Controls/Personal Protection.

### 8.1. Control parameters

### 8.2. Exposure controls

#### **Appropriate Engineering Controls**

No assigned values for the ingredients of this preparation.

#### **Eye/Face Protection**

None required.

#### **Skin Protection**

None required.

#### **Respiratory Protection**

None required.

## Section 9. Physical and Chemical Properties.

### 9.1. Information on basic physical and chemical properties

**The following information is not a technical specification or sales specification.**

|                                                   |                                              |
|---------------------------------------------------|----------------------------------------------|
| (a) Appearance:                                   | Clear, colourless liquid.                    |
| (b) Odour:                                        | Odourless.                                   |
| (c) Odour threshold;                              | No data available.                           |
| (d) pH:                                           | 4.5 to 7.0                                   |
| (e) Melting point/freezing point;                 | No data available.                           |
| (f) Initial boiling point;                        | 100°C                                        |
| (g) Flash point;                                  | Not applicable.                              |
| (h) Evaporation rate;                             | No data available.                           |
| (i) Flammability (solid, gas);                    | Preparation is not flammable.                |
| (j) Upper/lower flammability or explosive limits; | Not applicable.                              |
| (k) Vapour pressure;                              | No data available.                           |
| (l) Vapour density;                               | No data available.                           |
| (m) Relative density;                             | No data available.                           |
| (n) Solubility(ies);                              | Preparation is completely miscible in water. |
| (o) Partition coefficient: n-octanol/water;       | No data available.                           |
| (p) Auto-ignition temperature;                    | Not applicable.                              |
| (q) Decomposition temperature;                    | No data available.                           |
| (r) Viscosity;                                    | No data available.                           |
| (s) Explosive properties;                         | Not applicable.                              |
| (t) Oxidising properties.                         | No data available.                           |

**9.2 Other information** No data available.

## Section 10. Stability and Reactivity.

|                                                 |                                                                   |
|-------------------------------------------------|-------------------------------------------------------------------|
| <b>10.1. Reactivity</b>                         | No data available.                                                |
| <b>10.2. Chemical stability</b>                 | Preparation is stable under normal conditions of storage and use. |
| <b>10.3. Possibility of hazardous reactions</b> | No data available.                                                |
| <b>10.4. Conditions to avoid</b>                | No data available.                                                |
| <b>10.5. Incompatible materials</b>             | No chemical incompatibility is known.                             |
| <b>10.6. Hazardous decomposition products</b>   | No data available.                                                |

## Section 11. Toxicological Information.

### 11.1. Information on toxicological effects.

No data available.

## Section 12. Ecological Information.

|                                          |                    |
|------------------------------------------|--------------------|
| 12.1. Toxicity                           | No data available. |
| 12.2. Persistence and degradability      | No data available. |
| 12.3. Bioaccumulative potential          | No data available. |
| 12.4. Mobility in soil                   | No data available. |
| 12.5. Results of PBT and vPvB assessment | No data available. |
| 12.6. Other adverse effects              | No data available. |

## Section 13. Disposal Considerations.

13.1. Waste treatment methods.

Preparation can be discharged into a drain.

Dispose of packaging in accordance with local authority regulations.

## Section 14. Transport Information.

Preparation is not hazardous for transport.

## Section 15. Regulatory Information.

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture  
No data available.

15.2. Chemical safety assessment  
No data available.

## Section 16. Additional Information.

Full text of Phrases and Statements used in Section 3;  
Not applicable.

The above information is believed to be accurate and represents the best information currently available.

No warranty is expressed or implied by the above information.

We assume no liability resulting from use of the above information.

The end user should conduct their own investigations to determine the suitability of the above information for their particular purpose.

| Issue level | Date       | Revisions    |
|-------------|------------|--------------|
| 1           | 13/09/2018 | First issue. |
